The Arizona Department of Transportation (ADOT) will conduct a public hearing for the Grand Avenue (US 60) 43rd Avenue/Camelback Road and 51st Avenue/Bethany Home Road Intersections Design Concept Studies and Draft Environmental Assessments. The public hearing will be held on Thursday, August 9, 2001, from 6:00 p.m. to 8:00 p.m. at the Alhambra High School Lecture Hall. A brief presentation will be made at 6:15 p.m.

ADOT, in conjunction with the Federal Highway Administration, has identified the need to improve the operation of Grand Avenue at 43rd Avenue/Camelback Road and 51st Avenue/Bethany Home Road in the cities of Phoenix and Glendale, Maricopa County, Arizona. ADOT proposes to construct grade-separation structures that would realign Grand Avenue over the intersection at 43rd Avenue/Camelback Road and 51st Avenue over Grand Avenue and Bethany Home Road. The project would eliminate the current six-legged intersections, reduce traffic delays, and improve the traffic operations during peak traffic periods.

The purpose of this hearing is to receive comments from the public on the proposed project and on the contents of the Draft EA that has been prepared in compliance with the National Environmental Policy Act (NEPA). Public participation is an important part of the project evaluation process and all interested parties are encouraged to attend the hearing. Court reporters will be present to take statements from the public.
